PROFESSIONAL SUMMARY

Artificial Intelligence and Machine Learning student with hands-on experience in Python, machine learning, Java, SQL, and data-driven application development. Skilled in developing practical AI solutions and eager to apply technical and problem-solving skills in a professional environment.

EDUCATION

2024 – 2028

Bachelor of Technology in Computer Science and Engineering (AI&ML)
Rajeev Gandhi Memorial College of Engineering and Technology, Nandyal *CGPA: 8.4/10*

TECHNICAL SKILLS

Programming Languages: Java, Python, SQL, C
Backend Technologies: Java, Python
Frontend Technologies: HTML, CSS, JavaScript
Databases: MySQL
Developer Tools: Git, GitHub, VS Code, Jupyter Notebook
Core Computer Science: Data Structures and Algorithms, DBMS, OOPS, AI, ML

PROJECTS

Student Performance Prediction System **GitHub** | **2026**
Tech Stack: Python, Pandas, NumPy, Scikit-learn, Matplotlib, Seaborn, Jupyter Notebook, Git

- Developed a machine learning system to predict student academic performance.
- Preprocessed and analyzed student-related data using Python.
- Applied machine learning algorithms to generate performance predictions.
- Used data visualization to identify factors affecting student performance.

AI Student study Assistant **GitHub** | **2026**
Tech Stack: Python, NLP, Generative AI, Streamlit, Pandas, NumPy, Git, GitHub

- Developed an AI-powered study assistant to help students learn and manage their studies efficiently.
- Provides personalized study support using Natural Language Processing (NLP) and Generative AI.
- Helps students get answers, explanations, and study-related assistance through an interactive interface.
- Designed to make learning more accessible, interactive, and personalized.

LEADERSHIP AND ACHIEVEMENTS

- Selected for AIML Course conducted by TIHAN – IIT Hyderabad, placement preparation and several workshops.
- Attended hackathon conducted by Hackerrank, strengthening Java, C and C++ and problem solving.

CERTIFICATIONS

- Cybersecurity Fundamentals - IBM SkillsBuild [view Certificate] Dec 2025
- Generative AI Essentials - Authorized by IBM [view Certificate] Sep 2025
- Machine Learning for Natural Language Processing – Amazon web services [view Certificate] Feb 2026
- Data Science Essentials With Python – Cisco [view Certificate] April 2026
- Cloud Foundations – Amazon web services [view Certificate] Sep 2025
